Local Events.

Friday morning was bad on the fruit crop. Read notice of Administrator's sale in another column. Wagons loaded with commercial fertilizers are a common sight on our streets just now. An organ grinder paid our town a visit a few days ago. He was minus the usual monkey. Trial Justice Cathcart was kept quite busy on Wednesday, in hearing preliminary examinations. Paul Hemphill, Esq., of the Chester bar, was in town on Thursday on professional business. Read the advertisement in another column in regard to the municipal election to be held on the 4th of April. Fresh strawberries have made their appearance in the Columbia market. They came from Florida. Several earthquake shocks were felt in Charleston in Thursday and Friday of last week. When will they cease? Horses, Mules and a Two-horse Second-hand Wagon for sale cheap by J. O. Boag. President Cleveland passed the fiftieth mile post in life's journey on Friday. Many happy returns to you, Grover. The investigating committee appointed by the grand jury at the last meeting here were in session for two days past. There are twenty-two prisoners in jail at Chester awaiting trial. There will be five murder trials for the present term of court. A number of tramps have been seen on our streets lately. It would be well for our citizens to be on the lookout for them. The cash sales of Messrs. Q. D. Williford & Co. on Saturday last amounted to a little over \$150.00. Who says there is not cash about? Another lot of fine shad was brought into town on Tuesday evening. They were caught from the Catawba River, and sold at fifty cents a piece. The average small boy has formed a very close acquaintance with the "sliding shot" these days, and as a consequence English sparrows are on the lookout. We heard several gentlemen the other day speaking of having beans up in their garden. We presume they are down close to the ground this morning—we mean the beans. Mr. F. W. Habenicht received on Friday a barrel of fresh krait. It is guaranteed to be of the very best quality, and lovers of this dish will do well to call on him. The rock curbing of the pavement at the corner of Vanderhorst and Washington streets, near the Baptist church, has fallen in, and the sidewalk is caving. It should be attended to at once. Among the contributors to the sufferers from the recent destructive fire in Blackville, we notice the name of Mr. A. A. Henderson, the well-known manager of the Winstonsboro Hotel. If You Want a Good Article OF PLUG TOBACCO, ask your dealer for "Old Rip." PENSIONS.—We learn that several citizens of the county, survivors of the Mexican war, have made application to the pension office in Washington for their pensions, to which they are entitled under the recent act of Congress. NEW ADVERTISEMENT.—Mr. Hendrix again tells the people of Fairfield that he is offering in his line. Peruse his space, as you will find it to your interest when you go to make your spring purchases. He is now receiving his spring stock which he guarantees to be one of the handsomest ever brought to Winstonsboro. INTER-COUNTY NORMAL INSTITUTE.—Since there is to be no State Normal Institute, our efficient School Commissioner, assisted by others interested, is trying to arrange for an inter-county institute, in which the teachers of the surrounding counties will be invited. The idea is a good one, and we hope the plan may be carried out. Those interested will find a hearty welcome from the citizens of Winstonsboro, and the county generally. Buckle's Arnica Salve. THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by McMaster, Brice & Ketchin.

Mr. U. G. Desportes, for twenty-five hundred dollars. Another boom for our city real estate. The gun racks in the armory of the Gordon Light Infantry have been put up, and the new guns placed in position. The company was never more prosperous than at present. We hope it may continue so. Brother Hemphill, of the Abbeville Medium, has been telling the farmers of Abbeville county to plant upland corn first, last and all the time. He says he knows what is talking about, and we presume he does. Not a single merchant to our knowledge has gone North this spring to make his purchases. They find that they can buy through commercial travelers equally as well, if not better, than from buying from the houses in person. If you want a first-class bed for the night, breakfast, dinner or supper, you can have the bill filled exactly at the Winstonsboro Hotel. Mrs. Boswell, the proprietress, and Mr. Henderson, the manager, we guarantee will treat you well. The jail is rapidly filling up. Four more inmates were gathered in on Wednesday, making a grand total of seventeen. The charges against the four are for buying seed cotton as prohibited by law, and for selling cotton under lien. Mr. Boag made another raid on Tuesday night and captured another lot of goods. He expected to make a raid on Wednesday night in the hopes of securing some more of his goods. Up to this writing he has recovered about \$700 worth of goods. The directors of the Agricultural, Horticultural and Mechanical Association of Chester, York, Lancaster and Fairfield counties, met in Chester last week. They adopted the premium list, and appointed the last Tuesday of October as the opening day for the next fair. The spring meeting of the Bethel Presbyterian will be held in Scion Presbyterian Church, Winstonsboro, about the 5th of April. The congregation of this church is beginning to make preparations to entertain the delegates, and the meeting promises to be a very pleasant one. Prof. DeHerradura has just completed an engrossed copy of the resolutions passed by the Winstonsboro Bar Association, in regard to the death of Col. Rion. A picture of the deceased showing the bust is neatly shown in frame, executed with the pen by Prof. DeHerradura. Petty thefts were reported in various parts of the town on Wednesday morning. Several shots were fired at the parties during the night previous, but none of them seemed to have taken effect. If some of these thieves could catch a bullet, perhaps a good lesson would be taught them. The Hon. J. Randolph Tucker, chairman of the committee on the Judiciary of the National House of Representatives, has consented to deliver the address before the graduating class of the South Carolina College in June. It is a wise selection, and something fine may be expected. We were perhaps misunderstood in regard to the rate published a few days ago to the Inter-State Encampment at Washington in May. The rate is three-quarters of a cent each way. This will make the round trip from here about six dollars and a half. The regular rate is about fifteen dollars each way. A colored gentleman from Danville, Va., came to town on Saturday last for the purpose of wedding one of the dark complexioned damsels of our town, but to his sorrow, she "backed" out. We learn since that he has been seeking legal advice in the matter, with a view to learning his rights in the premises. Don't fail to send your orders to THE NEWS AND HERALD when you want anything in the job printing line. We will gladly quote you prices at any time. We now have every facility for doing first-class work, and with prices as cheap, if not cheaper, than elsewhere. We think we are entitled to your patronage. A handsome monument has recently been erected in Evergreen Cemetery, at Chester, to the memory of the late T. C. Gaston. Its height is ten feet and five inches, of which the shaft is six feet and one inch, and the die and bases four feet and four inches. It bears these words: "Thomas Chalmers Gaston. Born October 4, 1817. Died August 15, 1885." The stone is Fairfield granite, and the work was executed in Chester. If You Want a Good Article OF PLUG TOBACCO, ask your dealer for "Old Rip." PENSIONS.—We learn that several citizens of the county, survivors of the Mexican war, have made application to the pension office in Washington for their pensions, to which they are entitled under the recent act of Congress. MILLBURY DEPARTMENT.—Mrs. Boag has again secured the services of Miss D. for the coming season, who has been employed, since here last, in a leading millinery house of Baltimore city. No pains shall be spared to please the most fastidious. Millinery and Fancy Goods will arrive in due time, so can't be in a hurry, but wait and see where buying.

NEW ADVERTISEMENT.—No one should fail to read the new advertisement of Messrs. J. M. Beatty & Bro., found in another column. They are progressive business men, and are determined to sell their goods at a small advance over original cost. Their stock will be found complete in every department, and they will be glad to see their friends when they need anything in their line.

EDGEFIELD MEETS LANCASTER.—Two convicts in the penitentiary one from Edgefield and the other from Lancaster, got into a difficulty on Friday last while at work, which ended very seriously for the Lancaster convict. Hot words led to blows, when the Edgefield man struck his opponent with a piece of gas pipe, fracturing his skull quite severely. At the time he was not expected to live, but the latest account is to the effect that he may get well. "When Greek meets Greek then comes the tug of war."

TRIAL JUSTICE JONES.—At the recent term of the Circuit Court of Kershaw county, Judge Norton rendered a decision of public interest. A gentleman was summoned as a juror at a trial justice court. Instead of serving he paid the commutation of \$2. A short while after he was again summoned by the same trial justice and refused to serve on the ground that the law only required service once a year. The trial justice decided that he had not served as a juror, and was therefore liable to be fined by law for refusing to serve as such. Judge Norton affirmed the judgment of the trial justice.

EDUCATIONAL.—The citizens of Fairfield will be addressed by the State Superintendent of Education at Winstonsboro, Friday 25th inst., at 11 a. m. It is hoped all who are interested in education, and who are not will be present. Teachers and school trustees we hope will show their interest in the cause by being present. Friday, the first day of April, the regular examination for teachers will take place. All whose certificates have expired, and persons wishing to teach in the public schools, will take due notice and govern themselves accordingly. No private examinations will be given or licenses granted.

JOHN BOYD, S. C. F. C.,
Chm. Co. Bd. of Ex.

PROGRAMME.—The following is the programme for the exercises on Friday, 25th inst., at Mount Zion Institute: At 10 o'clock, a. m., an address will be delivered to the public by the Hon. J. H. Rice, Superintendent of Education. At the conclusion of the above address the Teachers' Association will convene for the transaction of business, and discussion of school topics. At 8 o'clock, p. m., a familiar talk on Physics, illustrated by interesting experiments, by Prof. Withers. The public are most cordially invited to be present at all exercises. We hope that there will be a large attendance of citizens, as we are sure they will be greatly entertained.

PERSONAL.—The Rev. J. A. Munday, who has for the past three weeks been conducting revival services in our town, left on Friday in response to a telegram announcing the serious illness of his little daughter in Athens, Ga. He had many friends in our town during his stay, and has doubtless done much good for our people. Mr. A. J. Clark, of Lancaster, is in town representing the well known Equitable Life Insurance Company. We are personally acquainted with Mr. Clark, and take pleasure in commending him to our people. Any statement which he may make with reference to his business may be taken as true.

FIRE IN ROCK HILL.—On Friday last a very destructive fire occurred at Rock Hill in which a large portion of the business portion of the town was laid in ashes. It seems to have been of incendiary origin, although nothing definite is known of its commencement. The Globe Hotel, a large brick building, the stores of Messrs. W. L. Roddy & Co. on the first floor, the First National Bank, and a half dozen other stores were entirely consumed, and it was only by heroic efforts that others were saved. The loss will run up to about \$125,000. Insurance about fifty per cent. of that amount. She has the sincere sympathy of her sister towns of the State in her loss. Her people are energetic and enterprising, and in a short while we hope to see her again building up, and in the near future surpass her former prosperity.

WEDDING DELLS.—On Tuesday evening last, G. W. Ragsdale, Esq., one of the "Boro's" most promising young attorneys, accompanied by a friend or two, left town on a happy errand. It had been rumored for some time that the Grand Prosecuting Attorney of the Bachelors' Protective Union was inclined to be unfaithful to the order, but few suspected that the happy event of his life was so soon to take place. On Wednesday evening in the presence of a few friends at Long Run Baptist Church, Mr. G. W. Ragsdale and Miss Inez McMeekin were happily united in marriage by the Rev. Mr. Lupo. The happy party reached Winstonsboro the same evening, and were tendered a reception at the residence of the groom's mother. The newly-made pair have the best wishes of a host of friends in their journey of life which has been so happily begun.

NEW TELEGRAPH COMPANY.—The New York and Southern Telegraph Company, which recently bought out the Southern Telegraph Company, through their General Superintendent Joseph W. Kates, has issued the following communication to all office managers: The Circuit Court of the United States for the Eastern District of Virginia having turned over the lines, property, franchises, etc., of the Southern Telegraph Company to the New York and Southern Telegraph Company, all pay-rolls, vouchers, etc., for the month of March, instant, and thereafter, will be taken in the name of the New York and Southern Telegraph Company, and all official communications will hereafter be made in the name of the new company. All monthly reports and remittances, and other communications pertaining to the management of the lines, offices, etc., will be forwarded to my address. John S. Wise, of Richmond, is the president of the new company.

WORTHLESS SEED OATS.—We had the pleasure of meeting on Saturday in our office, a couple of successful farmers of our county. In the drift of the conversation it turned upon the prospects of the small grain crop, when we learned the following facts. A well known Columbia grocery firm in the fall, employed a gentleman of the northwestern section of the county to represent them in the sale of seed oats. The farmers of that section, or at least a great number of them, purchased the seed, (one man taking \$800.00 worth of seed,) and planted their crop. To their regret none of the seed came up, and complaint was made to the firm, after it was learned beyond a doubt that the seed were worthless. The firm, we were told, informed the farmers that they would take the seed back, which of course was impossible, or they would make a reduction to the price of seed oats. As a consequence of this the crop in that section will be very short this season. The difficulty with the seed it seems was that they had been kiln dried, supposed to be for manufacturing oat meal, and the vitality of the seed destroyed. There has been considerable complaint in the matter, and we think it nothing but right and proper that the facts be made known. Of course the firm is not accused of selling such seed knowingly, but the trouble is as to where the loss should fall.

The Sphere of Government.—Herbert Spencer in one of his books holds it to be the essential duty of government to protect—to maintain men's right to life, to personal liberty and to property; and the theory that the government ought to undertake other affairs besides that of protection, he regards as untenable. Each man has a right to the fullest exercise of all his faculties compatible with the same right in others. This is the fundamental law of equal freedom which it is the duty, and the only duty of the State to enforce. If the State goes beyond this it becomes an aggressor. Thus all regulation of commerce, all enactments for the relief of the poor, for the promotion of education, for the establishment of sanitary laws, or of the postoffice, or of a national currency, or of a system of public highways, stand condemned, not only as ineffective for their respective purposes, but as being violations of man's natural liberty. Such is the nonsense that a so-called scientist promulgates. One might think that Herbert Spencer supposed the millennium to be at hand, but not so, for there will be no need of any government, as every man will be a righteous law unto himself.

ITEMS FROM BUCKIE, IN. Messrs. Editors: Some say the fruit crop has been injured by the recent cold wave. Spring oats are looking fine and the prospect of a golden harvest is encouraging. Garden crops are not as forward as usual, the unusual wet and cold spring retarded early early planting. Dr. J. R. Coleman, of Feasterville, is spending a few days at the "Head" in looking much improved in health, and having recently returned from the "City by the Sea" with the honors of Medicine Doctor, he is now known as "Dr. Boro". Judging from a certain number of his remarks to certain persons, he is a relative of the late "reigning queen" over his dominions. Mrs. J. M. Coleman has returned from Baltimore, where she spent some time, and is looking much better. We welcome her into our circle once more. Mr. and Mrs. J. C. Feaster, having spent several days in Columbia with friends and relatives, returned on yesterday. Madam rumor says there is to be several weddings in and around this present season. Two or three mad dogs were seen in the neighborhood recently, but they escaped without being killed as they fled and ran. We have a few laws to prohibit dogs from running at large without muzzles in the country as well as in town? Measles have abated and their victims are recovering, and once more the prevailing cough and pneumonia are the prevailing evils at present. What has become of "Old Foggy"? We want to hear some wholesome truth once more. BARDOLPH.

ITEM FROM LONGTOWN.

We had a most enjoyable entertainment on the 4th of March with the precious little ones of "Conard School." Longtown, S. C., which did credit to instructor and instructed. Miss Jane C. Wade, our teacher, is not only a good instructor of youth, but a lady of high-toned public spirit and untiring energy, and has the faculty of infusing her spirit into her pupils. An evidence of this was seen in the enthusiasm with which performers entered into the spirits of their pieces.

Mother Goose and family were beautifully represented, and some of her strange melodies happily rendered. I wish I could tell you how beautifully they sung and repeated poetry, and laid down when one was singing a lullaby, and then rose up so gracefully—what Katie did, and Johnny did, and Willie did. But you know that Mother Goose's family is so large that if I should call one name all the rest would get mad with me for leaving them out.

The "Hard Case" was indeed a hard one. It baffled the judge and got him into a towering passion. It was well executed.

The Barding School's case was quite as hard, especially with those girls and their ignorant father, though I have heard of girls starting to study Latin but never got further than the verb Amo. This was performed admirably well.

The old maid's case was deplorable, and those girls that giggled and laughed at her were very naughty, and deserved to have their names in the paper. This was hard to beat in its delivery.

Cinderella's case was beautiful and triumphant, but she left behind her many a bleeding heart when she stood up so proudly beside the prince.
